Assistant Superintendent Human Resources
631-345-5896 ~ Fax 631-345-2178

March 5, 2020

Dear Parents and Guardians,

There are now 33 confirmed cases of coronavirus in New York State, including one confirmed case on Long Island.

The best way to avoid the spread of all respiratory viruses, including 2019-nCoV is:

- Wash your hands often with soap and water for at least 20 seconds. Use an alcohol-based hand sanitizer that contains at least 60% alcohol if soap and water are not available.
- Avoid touching your eyes, nose and mouth with unwashed hands.
- Avoid close contact with people who are sick.
- Stay home when you are sick.
- Cover your mouth and nose with a tissue or your sleeve (not your hands) when coughing or sneezing. If you use a tissue, throw it in the trash and wash your hands.
- Routinely clean and disinfect frequently touched objects and surfaces.
- CDC recommends that travelers avoid all travel to China.

Thank you for your cooperation in practicing the everyday preventative actions outlined above to help keep our community healthy. We will continue to update this page as more information becomes available regarding confirmed U.S. cases of coronavirus.

Sincerely,

A handwritten signature in black ink, appearing to read "Michael R. Lonergan".

Dr. Michael R. Lonergan
Superintendent of Schools
