Longwood School/Community Forum Set for October 20

MIDDLE ISLAND -- The Longwood Board of Education invites the members of the community to participate in its bi-annual Community Forum at Longwood High on Thurs., Oct. 20, at 7 PM.

Longwood Board of Education offers residents an opportunity to express their viewpoints to the Board of Education. Organizations within the Longwood community are invited to send a representative to comment on their behalf.

Superintendent Allan Gerstenlauer will make a presentation to the Board and community summarizing the critical issues the district faces, including the economic outlook for the coming years. There will also be an important presentation on a proposal to maintain the district's facilities.

In order to give as many individuals as possible an opportunity to address the Board of Education, each speaker will be limited to three minutes. Speakers will be assigned a specific time to speak on a first-come, first-served basis as they register. They are also encouraged to submit their comments in writing.

Residents who prefer not to speak in public are asked to submit their comments in writing.
